

## Survey for Nurses and/or LSAs 2022

---

### Pre-intervention:

1. How often do learners access the clinic? (Can they provide records on the number of young people that access the clinic per month?)
  2. If possible, how often do learners from the intervention schools specifically, access the clinic?
  3. What sort of things do learners come to the clinic for? (HIV tests/ other tests, e.g. diabetes/ to get medication etc.?)
  4. How informed do you think learners are about HIV and TB?
  5. What are the rates of teenage pregnancy within this community?
  6. What do you think can be done to decrease the teenage pregnancy rate?
  7. Have you heard about OVSA and the work we do at schools? If so, how?
- 

### Post-intervention:

1. Have you seen an increase in how often learners are accessing the clinic? (Can they provide records on the number of young people that access the clinic per month?)
  2. Have you seen an increase in the number of learners from the intervention schools specifically, accessing the clinic?
- 

### Clinic Staff/LSA - Please Verify:

Please verify the above information using the OVSA referral forms that the facilitators and LSAs use to refer to the clinic/s. (Check how many forms have been returned with a clinic stamp).

3. What sort of things do learners come to the clinic for? (HIV tests/ other tests, e.g. diabetes/ to get medication etc.?)
4. How informed do you think learners are about HIV and TB?
5. What are the rates of teenage pregnancy within this community?
6. What do you think can be done to decrease the teenage pregnancy rate?
7. Have you heard about OVSA and the work we do at schools? If so, how?
